

## HELP STOP INHUMANE BREEDING

Photo courtesy of Companion Animal Protection Society

- Inhumane breeders view dogs and cats as products to be mass produced for profit. To increase profits, these breeders cut corners in their operations, creating harm to animals.
- Minnesota is among the top producers of puppies and kittens in the United States, yet Minnesota does not license or regulate the dog and cat breeding industry.
- State legislation is needed. Please help. Learn more at the website below. Tell others.
